Novatech High Performance

Energy efficiency also goes through the front door

The entry door plays a key role in the comfort and energy performance of your home. That's why we designed the Novatech High-Performance steel door to provide superior insulation and long-lasting efficiency, season after season. Designed and manufactured in our Canadian facilities according to the highest quality standards, the NHP door reflects our commitment to innovation, reliability, and long-lasting performance.

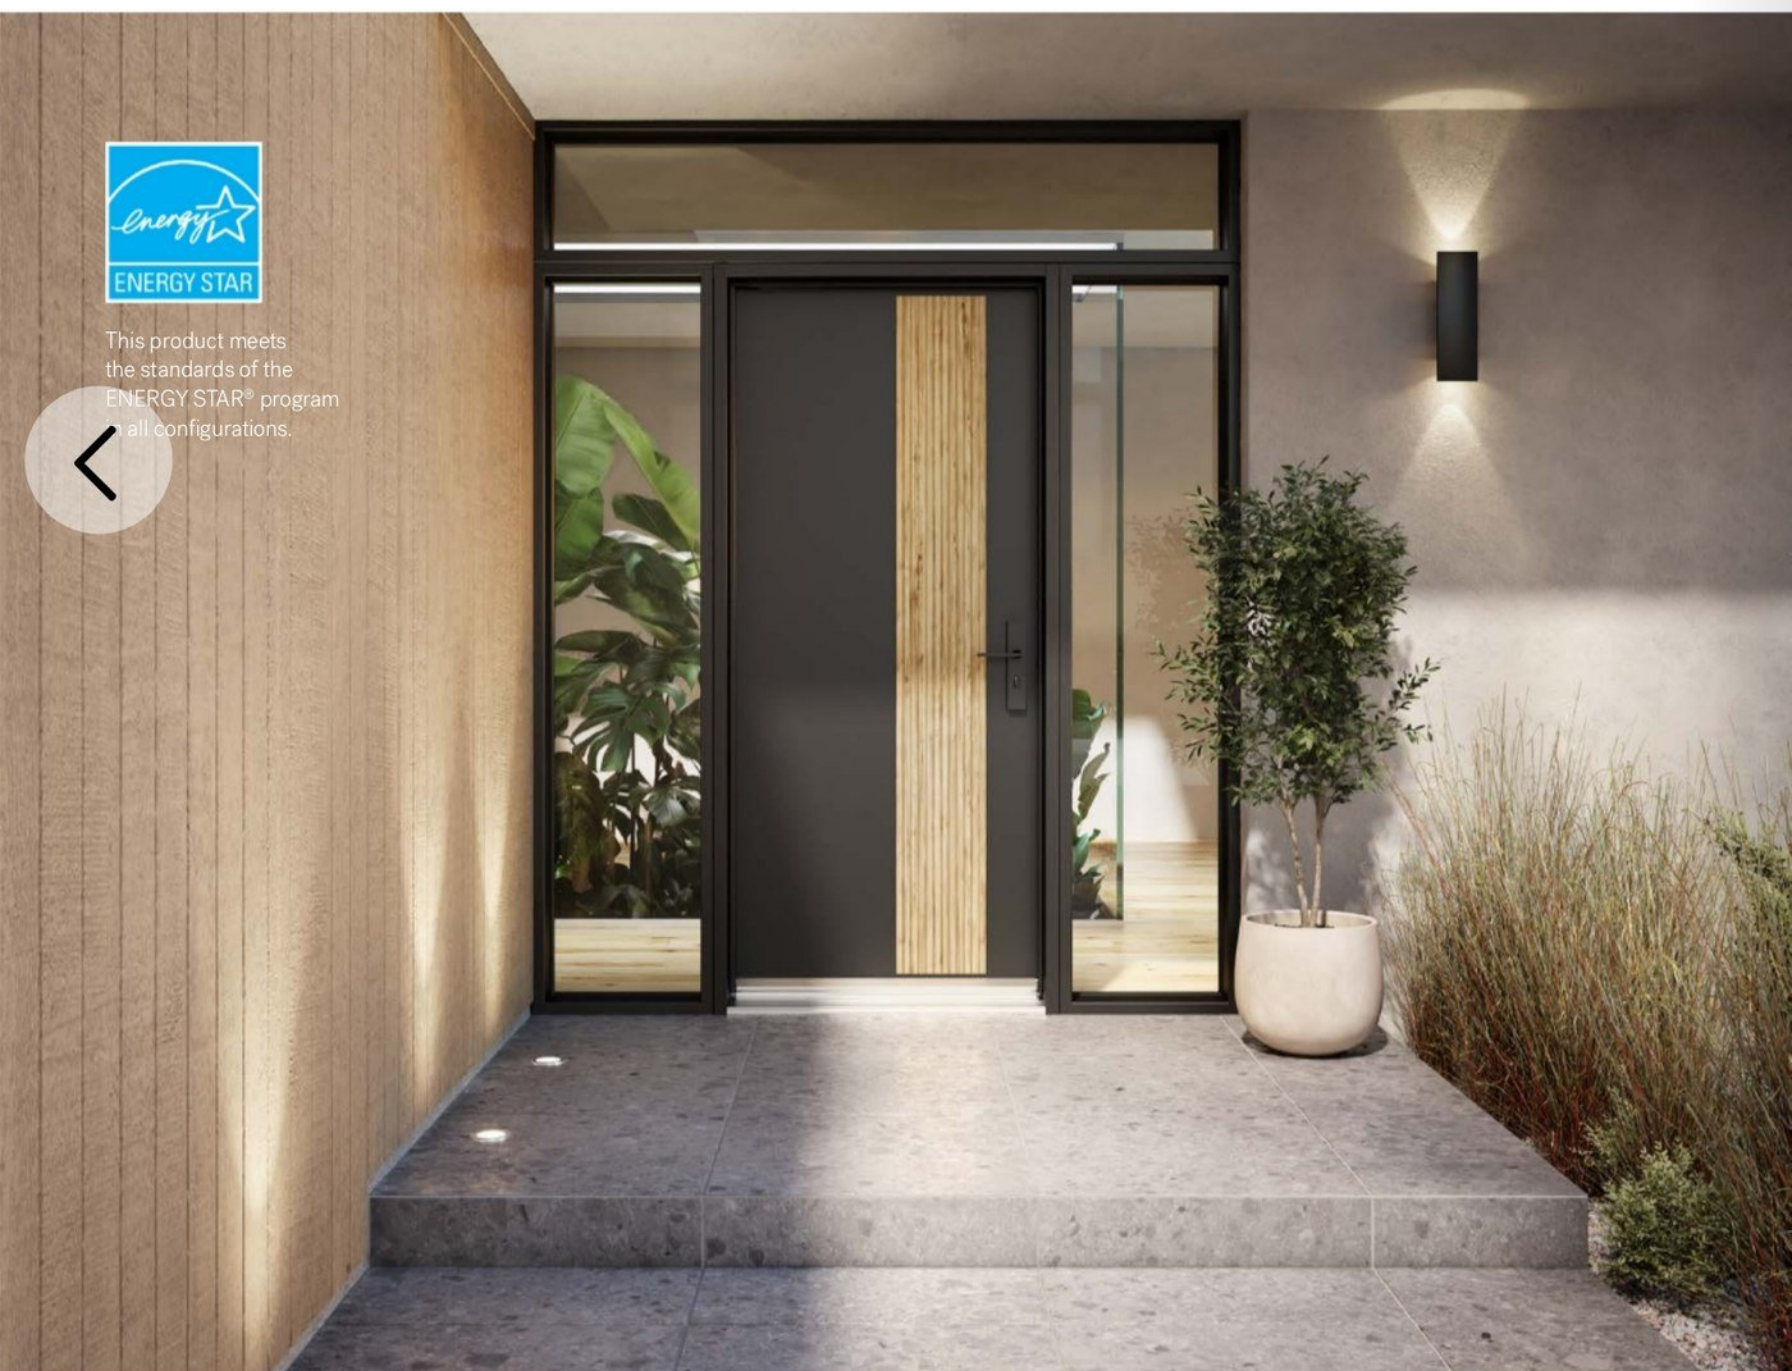

Look for this badge:

- Optimal comfort
- Increased energy efficiency
- Exceptional durability
- Enhanced security
- Unrivalled soundproofing

This product meets the standards of the ENERGY STAR® program in all configurations.

Vertical accent

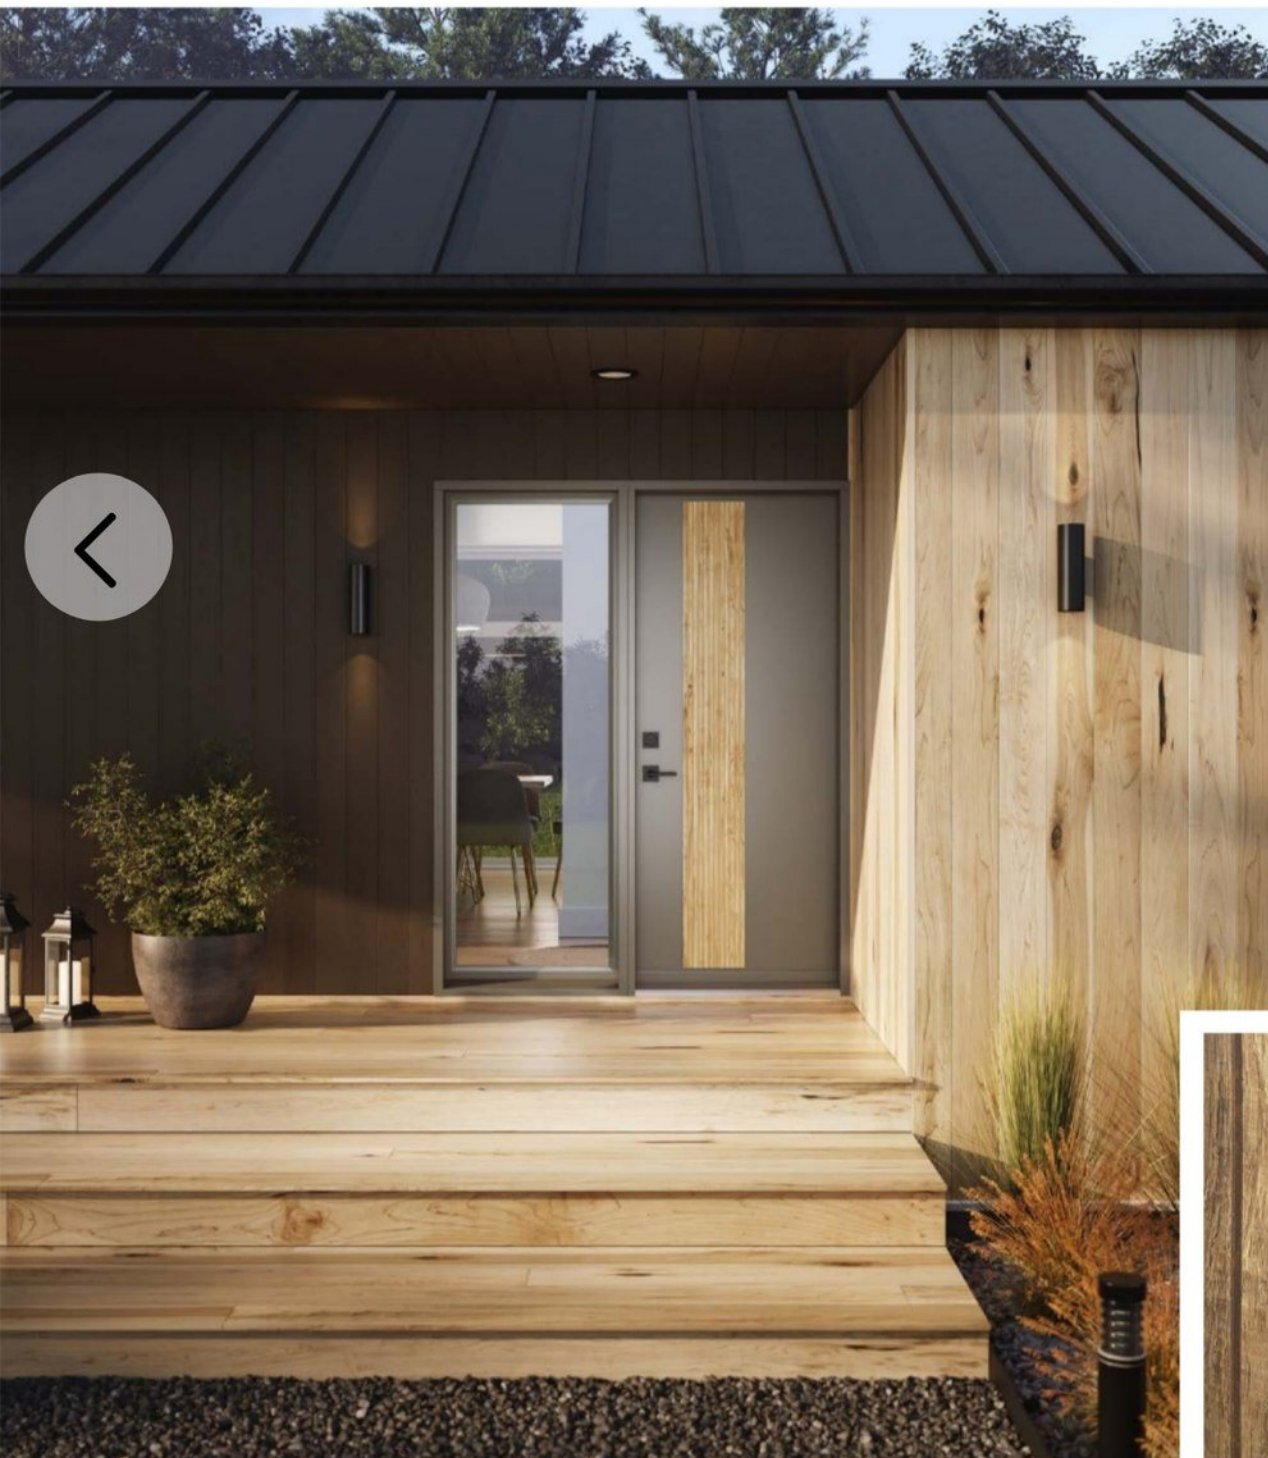

Reeded wood finish

This reeded wood finish accent brings warmth and texture to any facade. Made from durable laminated panels, its slatted-wood-inspired design introduces a distinctly biophilic presence. With its timeless appeal, it installs easily onto a Uno steel door and lends the entrance a natural touch that gives it a memorable, organic character.

Linear accents

The linear accents add distinctive character to the doors in the Design collection. Made of alunox, a material that replicates the look of brushed stainless steel while offering the benefits of aluminum: no corrosion, no oxidation, and no fingerprint marks, they feature an elegant design with a beveled edge. Installed using automotive-grade adhesive tape, they ensure long-lasting performance.

Available colors

Kira

Silkscreen — Contemporary

The Kira window gently filters light with its silkscreen design combining frosted ink and clear glass. Fine lines are juxtaposed to create a pattern that offers a natural look and a fairly high level of privacy. It's a great option for a contemporary home.

Kira

Silkscreen — Contemporary

The Kira window gently filters light with its silkscreen design combining frosted ink and clear glass. Fine lines are juxtaposed to create a pattern that offers a natural look and a fairly high level of privacy. It's a great option for a contemporary home.
